### ***Health Commissioner Seth Foldy Encourages Parents To Comply With School Immunizations***

The State of Wisconsin Immunization Law requires that parents or guardians of all public and private school students to present a record of immunization against certain diseases. This immunization law also gives Milwaukee Public School (MPS) Superintendent the right to exclude students who are not in compliance with the immunization requirements. According to MPS, students who do not meet immunization requirements will be excluded from school for five days beginning February 3 through February 7, 2003. "It is important for every child to get immunized to prevent the spread of illness and disease," stated Commissioner Foldy.

The City of Milwaukee Health Department will be holding a special Saturday immunization clinic at two separate Health Centers:
